

Get in touch to ask about our program, schedule a visit, and learn what Hartley Montessori is all about!

## How can I apply?

Hartley Montessori is proud to be part of **Multnomah County's Preschool for All (PFA)** program.

All enrollment for our preschool classrooms is managed through PFA, ensuring equitable access for families across our community. **100% of the students will be selected by Multnomah County Preschool for All.**

As a preschool located within Hartley Elementary School, **Hartley Montessori** is interested in connecting with Hartley families with young children. **We encourage families with 3- and 4-year-olds to apply for Preschool for All and select Hartley Montessori when applying.**

Hartley Montessori is a program of

**aeme** alliance for equity in montessori education

## Education for life

Hartley Montessori is a **full day preschool program** for 3 and 4 year-olds, located within Hartley Elementary.

We are a **tuition-free program**, thanks to funding from Preschool For All, and to our partnership with the Reynolds School District.

We offer **free breakfast, snack and lunch for all of our students**. We also offer **transportation** for students within the Hartley Elementary catchment area.

We use the **Montessori system of education** to prepare our young students for school and life. Montessori is based on the common needs of **all** growing children.

## WE'RE HERE FOR PARENTS, TOO

### We know parents are busy

We do our best to make it simple to send your child to school.

Hartley Montessori follows the Hartley Elementary calendar so it is easy to coordinate school days with older siblings.

Thanks to our partnership with the Reynolds School District, **we serve free breakfast, snack and lunch to all students.**

Through this partnership, we are also able to offer bus service to children living in the **Hartley Elementary catchment area.**

## WE EDUCATE THE WHOLE CHILD

### Your young child is the most powerful learner in the world

From birth until age five, your child's brain makes **one million** new connections each second! With plenty of enriching experiences, children learn as naturally as they breathe.

Our two-year program helps students build friendships and academic skills before Kindergarten, giving them a strong start to their school years. This includes lessons in reading, writing and math.

Also, our regular assessments can help flag learning needs early on, so your child gets the support they need as soon as possible.

## WE'RE PART OF THE COMMUNITY

### We are more than a school

A child's education starts at home, with you. Nothing is more important to us than the health and happiness of our families.

Here, you can connect with other parents and resources through our community partners and parent education events.

Most of our staff are bilingual in English and Spanish, and come from the same community we serve.

**“We must look to the children as a vehicle for bringing change to humanity.”**

**–Dr. Maria Montessori**
